DETAILED ACTION

Response to Arguments

Applicant's arguments, filed 03/20/2007, have been fully considered and are persuasive. The previous rejection has been withdrawn.

Allowable Subject Matter

Claims 1-3 and 5-9 are allowed. The following is an examiner's statement of reasons for allowance: Hirayama teaches the device of claim 1, however does not teach the use of at least one detecting part as claimed to detect the operating condition the semiconductor switching elements, wherein said detecting part provides said information for said control part and said control part selects said first group and said second group of said plural power semiconductor elements being made to operate when said regional control operation is performed on the basis of said information. The further limitations to claim 1 are not taught or rendered obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
